B.A., SPANISH

WHY CHOOSE SPANISH?
As Spanish majors, students learn from an interdisciplinary curriculum that teaches them to speak, read, and write with conversational ease while studying Spanish in cultural, literary, and historical contexts. With supplementary courses in Art History, Business, Political Science, and Literature, the Spanish program prepares students for success in a wide variety of careers. Students majoring in Spanish also fulfill a study abroad requirement, spending a semester or year in a Spanish-speaking country as part of a cultural internship.

CAREER OPPORTUNITIES
With a degree in Spanish, graduates learn skills integral to success in fields such as education, government, business, and human services. Career options include:
- Trade Analyst
- Translator
- Teacher
- Diplomat
- Immigration Supervisor
- Counselor
- Criminal Investigator
- Social Worker

Effectively communicate on a multilingual level and increase professional opportunities across different fields

100% student success rate in meeting state standards for Praxis Subject and Oral Proficiency tests

Intensive language and culture program or other study abroad opportunities built into the curriculum
ACADEMIC DISTINCTIVENESS

As Spanish majors, students combine coursework, internships, and experiential learning, preparing them to:

» Analyze their own culture with the goal of being a better citizen, both globally and locally

» Live and interact in a Spanish-speaking country, and acquire a profound firsthand understanding of that culture

» Pursue a professional career in today’s multicultural society and global economy
