WHY CHOOSE PSYCHOLOGY?

Psychology majors are in demand and can pursue careers in a number of industries, including counseling, behavior analysis, criminal justice, education, health care, social services, government, business, and more. Students are also driven to further their education as well, with 45.3 percent of undergraduate Psychology majors ultimately earning a graduate degree. *

CAREER OPPORTUNITIES INCLUDE:

USJ’s Psychology program provides students with the knowledge and skills necessary to pursue a career in a number of industries. Graduates are prepared to serve as:

» School Counselors/Administrators
» Clinical Psychologists
» Gerontologists
» Researchers
» Mental Health Counselors

» Elementary School Teachers
» Human Resources Administrators
» Marriage Counselors
» Lawyers
» Psychiatrists

*According to the American Psychological Association in 2016
ACADEMIC DISTINCTIVENESS

As Psychology majors, students combine coursework, internships, and other experiential learning, preparing them to:

» Demonstrate knowledge of concepts, perspectives, empirical findings, and historical trends in psychology

» Understand and apply basic research methods, including research design, data analysis, and interpretation

» Respect and use critical and creative thinking, skeptical inquiry, and the scientific approach to solve problems related to behavior and mental processes

» Communicate effectively in a variety of formats
