

# M.S.W., SOCIAL WORK

## WHY CHOOSE SOCIAL WORK?

With a rigorous curriculum focused on community-based services, USJ's MSW program prepares students for a meaningful career in one of the fastest growing professions in the country. Students gain valuable real-world experience in the field through USJ's unique Clinical Preceptor Field Education Model, which ensures students receive expert supervision from University-employed clinical social workers. Designed to fit into students' busy lives, classes and field experiences are available on evenings and weekends.

Part-time and full-time options for new and advanced-standing students

Flexible schedules with evening and weekend classes

## CAREER OPPORTUNITIES

USJ graduates are prepared for community-based clinical practice in settings that include:

- » Health Care and Human Services
- » Children and Family Services
- » Mental Health Services
- » Criminal Justice
- » Veterans' Services
- » Education

Accredited by the Council on Social Work Education

## ACADEMIC DISTINCTIVENESS

### Unique Model of field education

- » MSW students have a 1:1 relationship with an onsite clinical supervisor, who is paid by USJ
- » Curriculum offers three high in demand specializations:
  - Health and mental health
  - Child and family services
  - Veteran's services

### Small, personal programs with varied course formats to meet the schedule needs of working adults

- Afternoon and evening field work
- Saturday and evening classes

### Expert faculty

- Clinically-licensed
- Varied areas of practice

## APPLICATION REQUIREMENTS

- » Complete an online application at [www.usj.edu/apply](http://www.usj.edu/apply)
