WHY CHOOSE BIOCHEMISTRY?

With a degree in Biochemistry, students gain a solid foundation for employment in a variety of careers. As part of USJ’s department of Chemistry, the program prepares students for their future professions by maintaining a rigorous curriculum taught in small classes and laboratory sections that provide an optimal learning environment.

CAREER OPPORTUNITIES

Whether preparing to pursue an advanced degree or to enter the workforce in areas like biochemistry, chemistry, biology, medicine, pharmacy, forensic science, and pharmacology, USJ students gain the knowledge necessary for future careers as:

» Biochemists
» Biostatisticians
» Botanists
» Drug Inspectors
» Ecologists

» Forensic Scientists
» Food Technologists
» Horticulturists
» Marine Biologists
» Pharmacists

» Toxicologists
» Veterinarians
» X-Ray Technicians

ACADEMIC DISTINCTIVENESS

In USJ’s Biochemistry program, students combine coursework, internships, and experiential learning, preparing them to:

» Understand the function of living organisms at the molecular level and the relevance and interplay of chemical and biological principles
» Learn from expert faculty who have published research in academic journals and scientific publications
» Put principles and skills into practice through quantitative reasoning, research opportunities, and real-world projects
» Pursue advanced degrees in the field of their choice
