

UNIVERSITY OF SAINT JOSEPH

CONNECTICUT

1678 Asylum Avenue West Hartford, Connecticut 06117

Planned Program of Study

Online Master's in Nutrition Graduate Program

Nutrition and Public Health Department

Email: graduate@usj.edu

I. Plan of Study

Every degree student must file a program of study in the Graduate Office for approval by the Graduate Director of Nutrition. A program of study is a list of courses that satisfy degree requirements, and it must be approved by the graduate director. This formal agreement serves a number of purposes that benefit both the student and the University. It causes the student and advisor to engage in early planning with a specific goal in mind; it provides useful information for the planning of course offerings; it facilitates subsequent advisement; and it protects the student in the event of unexpected curriculum or faculty changes. Although programs of study are binding, they can be modified as course offerings change. If you have questions contact Margery Lawrence, Graduate Program Director mlawrence@usj.edu 860 231 5388

Programs of study should be filed as soon as possible after the other paperwork has been submitted so your matriculation can be completed.

Name _____ Student ID# _____
 Address _____
 Email address _____ Phones: W _____
 H _____ Cell _____

II. Background

Undergrad degree major: _____ Year completed _____
 Completed Graduate degree in _____ Year completed _____

III. Prerequisites *If you do not have a degree in nutrition please provide the information requested below.*
