

M.S. Biochemistry Initial Master Planned Program of Study

Name: \_\_\_\_\_ ID: \_\_\_\_\_

Email: \_\_\_\_\_

Desired Start Date: Term (Fall, Spring, Summer): \_\_\_\_\_ Year: \_\_\_\_\_

Anticipated Course Load per Semester (1, 2, or 3): \_\_\_\_\_

(Two courses per semester is considered part-time, three courses is full-time)

Required Courses: (15 credits)

Table with 3 columns: Course Code, Course Name, Credits. Rows include CHEM 500, CHEM 510, CHEM 525, CHEM 530, CHEM 575.

Elective Courses: (15 credits)

Table with 3 columns: Course Code, Course Name, Credits. Multiple empty rows for student input.

(if needed)

Note 1: A maximum of six (6) credits can be taken outside of the Biochemistry-approved courses. All other coursework must be listed on Biochemistry catalog page.

Note 2: If you would like to complete a thesis you are required to maintain a 3.3 GPA in the program with no repeated required courses. If this is the case, please list CHEM 598: Research Planning Seminar and CHEM 599: Master’s Thesis in the electives section of this Planned Program of Study and you consult with the Program Director (Dr. Sarah Zingales: zingales@usj.edu) prior to matriculation.

Signature:

Your final Planned Program of Study will be developed in consultation with the Program Director.
