

### Ability of Candidates to be Hired

Certification and hiring data are provided by the Connecticut State Department of Education <https://sdeportal.ct.gov/cecsfoi/foillookup.aspx> . This certification portal lists individual teachers employed in Connecticut School Districts, including the name of the district and certifications held. As publicly available data, this information also includes the certification status of the individual. Upon earning an initial level teaching certificate, teachers may qualify for Provisional Level certification after completing a teacher induction program (TEAM) and at least 10 months of teaching experience. The data included here lists EPP completers employed in Connecticut school districts who have been hired under the Initial Certification license, as well as those who have completed the two-year TEAM induction process and qualified for promotion to Provisional Certification.

#### Summary (2019-20, 2020-21, 2021-22)

Type of certification	SPEC	SEC (Combined)	ELEM	ECSE
